

# Maya Atiah

Beirut, Lebanon | +9613096433 | [maya.atiah.99@gmail.com](mailto:maya.atiah.99@gmail.com) | [LinkedIn](#) | [Portfolio](#)

## Profile

Dedicated web developer with a solid background in crafting user-focused frontend solutions. Known for delivering projects with accuracy and accountability, managing every stage from concept to execution. Proactive in recognizing challenges and implementing innovative, effective strategies. Motivated to contribute to meaningful projects while staying ahead of emerging technologies and development practices.

## Experience

### Frontend Developer @Creative Technology Solution (CTS) | Hamra, Lebanon | Sep 2023 - Present

- Designed and implemented responsive user interfaces from Figma and Adobe XD designs.
- Integrated libraries like Tailwind, Bootstrap, and Redux Toolkit to enhance frontend performance and flexibility.
- Managed API integration using React Query for efficient data flow and improved application performance.
- Lead the development of an **online application** and **CRM system** for the **American University of Dubai (AUD)**.
- Contributed to creating a **CMS** and **website** for the **Dubai Police Academy**.
- Developed user interfaces for in-house **AI products**, ensuring a seamless user experience.

### Full-Stack Web Developer @Codi Tech | Beirut, Lebanon | Nov 2022 - June 2023

- Completed an intensive 7-month bootcamp focusing on MERN stack.
- Developed backend systems using **Node.js**, **Express.js**, and **PHP**.
- Built user interfaces with **React.js** and managed databases using **SQL** and **NoSQL**.
- Designed and implemented **RESTful APIs**, performed bug fixes, and optimized application performance.
- Gained proficiency in Linux server management with the LAMP stack.

### Projects @Codi Tech

#### Vital Blood | MERN Stack | [Deployed Link](#)

- Developed a blood donation platform enabling users to request and donate blood.
- Integrated **Nodemailer** for email notifications and a notification system for seamless communication.

#### My Portfolio | Next Js | [Deployed Link](#)

- Created a professional portfolio to showcase skills, projects, and education.
- Focused on exploring Next.js for server-side rendering and modern web development practices.

#### E-commerce | MERN Stack | [Video Demo](#)

- Built a dynamic e-commerce platform with product categories, shopping cart functionality, and secure checkout.
- Optimized the platform for user engagement and scalability.

#### Learning Management System | LAMP Stack | [Video Demo](#)
